

The Epigenome in Human Health and Diseases Conference

Jointly hosted by FASEB and Lorraine University

OCTOBER 18 – 20, 2021

CONFERENCE SUMMARY

This timely conference will focus on current knowledge and developments in epigenomics.

CONFERENCE HIGHLIGHTS

As a part of FASEB's Science Research Conference Series, the meeting is designed as a virtual, multi-day learning experience in a small-group format to foster engagement between researchers at every level of their career. Featured events include round table discussions, poster sessions, career development workshops, and more.
